Dear Harold:

Thank you very much for your letter of April 29th.

I appreciate your taking time from your busy schedule to enable Miss Schneider to visit with you.

The material you sent back with Nancy was extremely interesting and I am still in the process of studying it.

We will soon be sending back the copy of your Kennedy Autopsy book, plus an additional copy, together with the material which you wanted back, copies of which we have retained.

My best to you and your wife.

Regards,

Arthur
